A new concept in gift baskets

ferreiro, since 1958

specialists in products from Galicia

Ferreiro desde 1958 is a family business **founded in 1958** by the Ferreiro brothers. Based on our extensive experience with local products, we seek to encapsulate the spirit and soul of the "neighbourhood grocer's shop" of our childhood.

Based on the true value of our local products, which are themselves a gift, we create gift baskets for companies and individuals. They are 100% Galicia, inside and out. This led us to rethink and reinvent a variety of containers, to differentiate us from the competition and add value to our product range.

What we offer is different from anything else you have seen.

You won't fall through the net.

Teresa Herrera (A Coruña 1712-1791) was an incredibly courageous and very special woman.

With her inheritance, contributions and donations, she managed to make her dream come true: opening a charity hospital in A Coruña.
